2 OMNIKEY

The Salamander Suite DVD contains the driver for the OMNIKEY reader, it is in the **Support Files** folder.

The driver will be installed in the Programs File, or you may choose to manually install the driver which will allow you to choose the location where the driver will reside.

Step 1: Click **Next**.

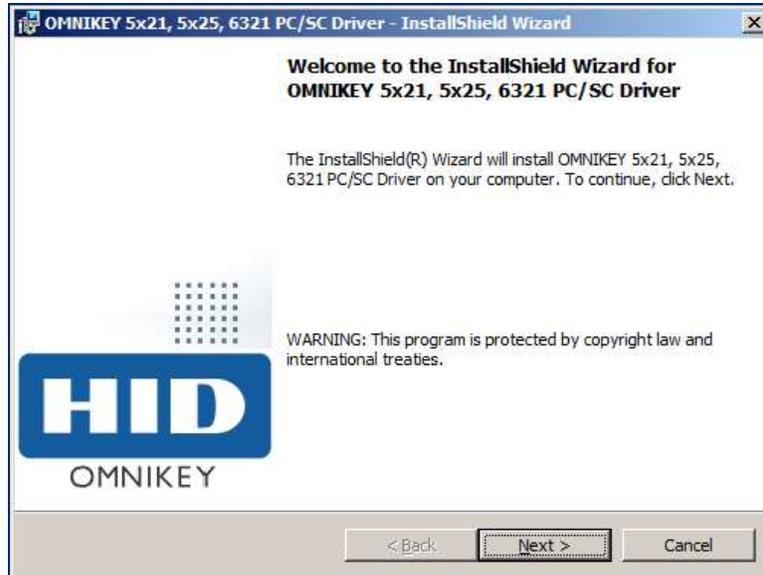

Figure 2.1

Step 2: Select the **I accept the terms in the license agreement** option then click **Next**

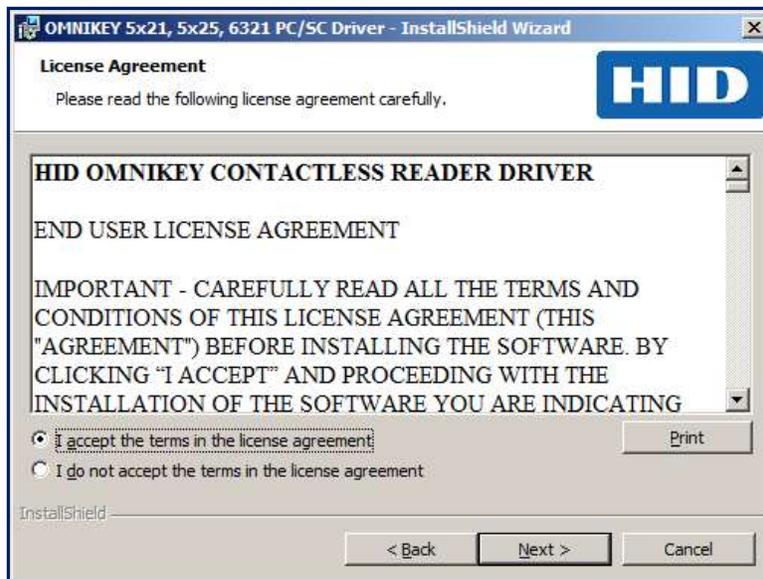

Figure 2.2

Step 3: Click Install.

Figure 2.3

Step 4: Click Finish.

The OMNIKEY device will be ready to use when you plug it into the computer.

3 ZEBRA PRINTER INSTALLATION

For printer label and ribbon setup, refer to the Zebra Printer User Guide

3.1 Printer Driver Installation

The Salamander Suite DVD contains the driver for the Zebra printer. It is located in the Support Files folder, this should only be needed if the computer cannot download the correct driver from Windows Update. After double-clicking the installation file, follow these steps to finish the installation:

Step 1: Click OK.

Figure 3.1.1

Step 2: Click Unzip.

Figure 3.1.2

Step 3: Click OK.

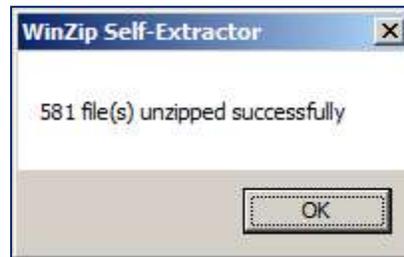

Figure 3.1.3

Step 4: Click Next.

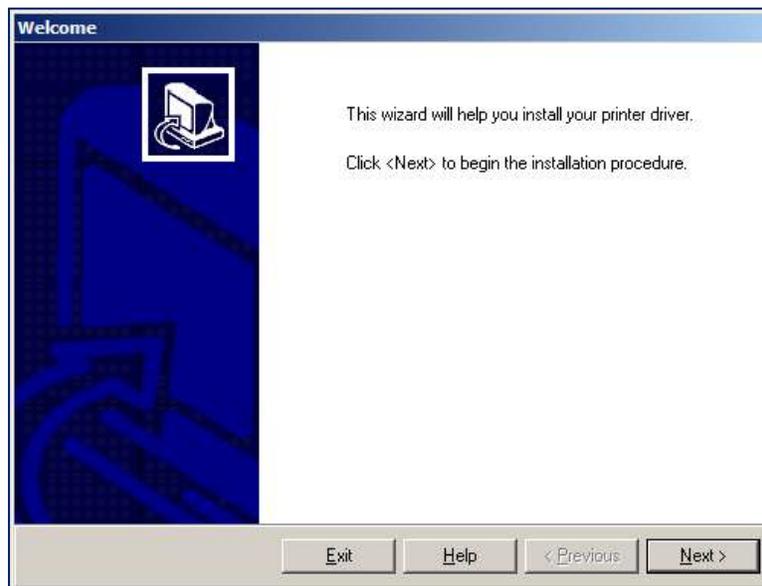

Figure 3.1.4

Step 5: Click Install Printer.

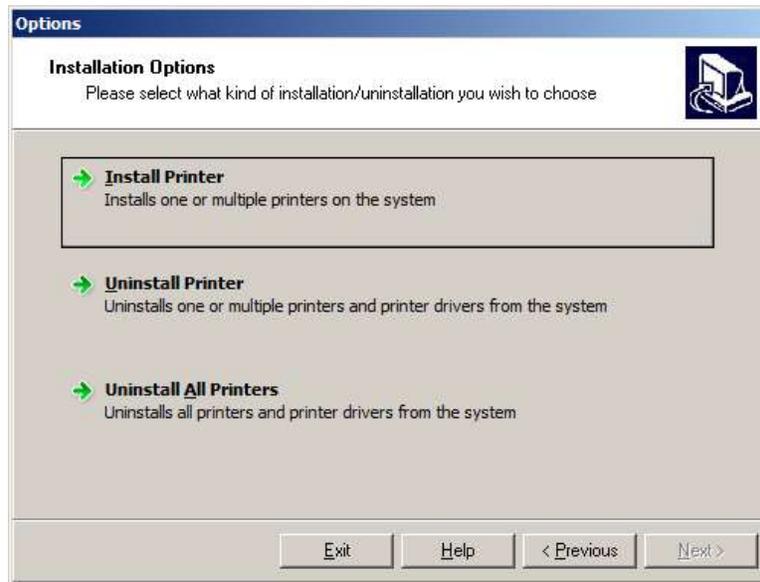

Figure 3.1.5

Step 6: In the list of Printers available, click the print driver to install. Click Next.

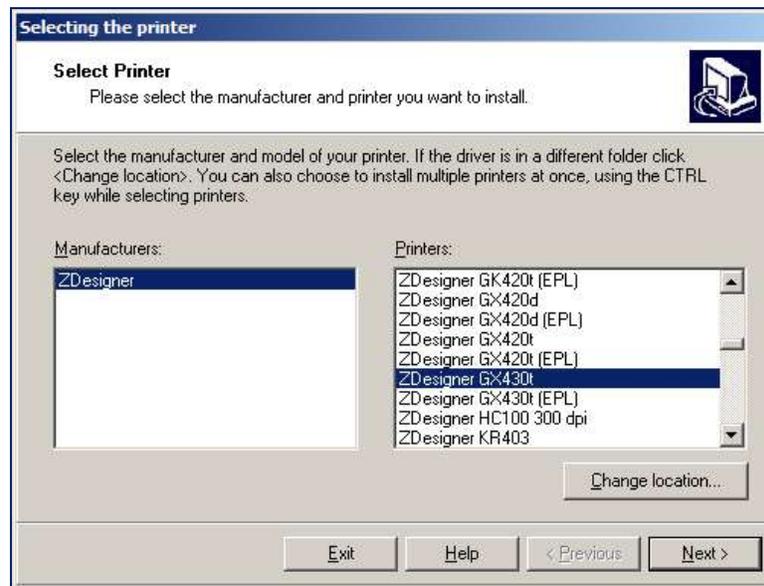

Figure 3.1.6

Step 7: Select the Port from the dropdown or add a new Port by clicking **Add Port**. Click **Next**.

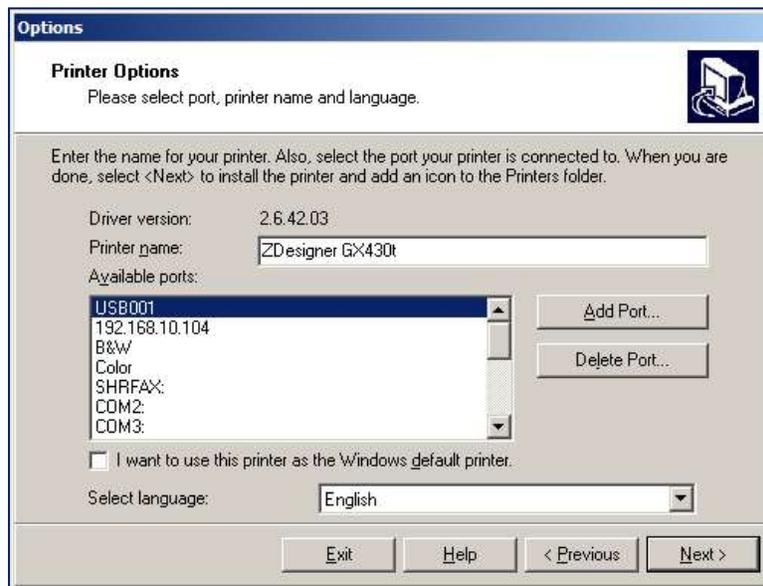

Figure 3.1.7

Step 8: Click **Finish**.

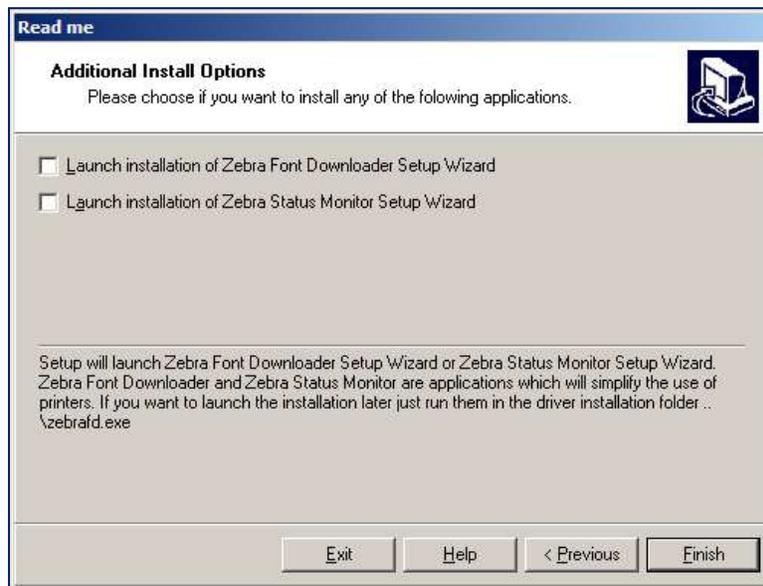

Figure 3.1.8

3.2 Printer Preferences

- Step 1: Click Start → Control Panel → Devices and Printers.
- Step 2: Right-click on the Zebra Printer.
- Step 3: Choose Printing Preferences from the dropdown.

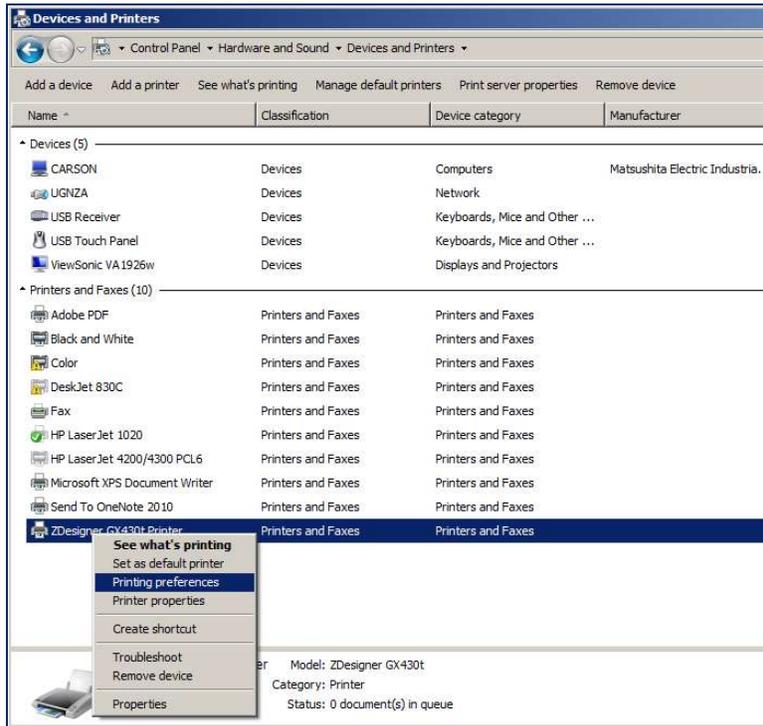

Figure 3.2.1

Step 4: Set up the **Options** Tab according to the type of printer stock that will be used:

- Thermal Direct:
 - **Darkness:** 15
 - **Size:**
 - ◆ 3x5 for RAPIDTAG
 - ◆ 1x11 for RAPIDTAG EVAC Wristbands
- Thermal Transfer:
 - **Darkness:** 20-30
 - **Size:** 2x1 for assignment

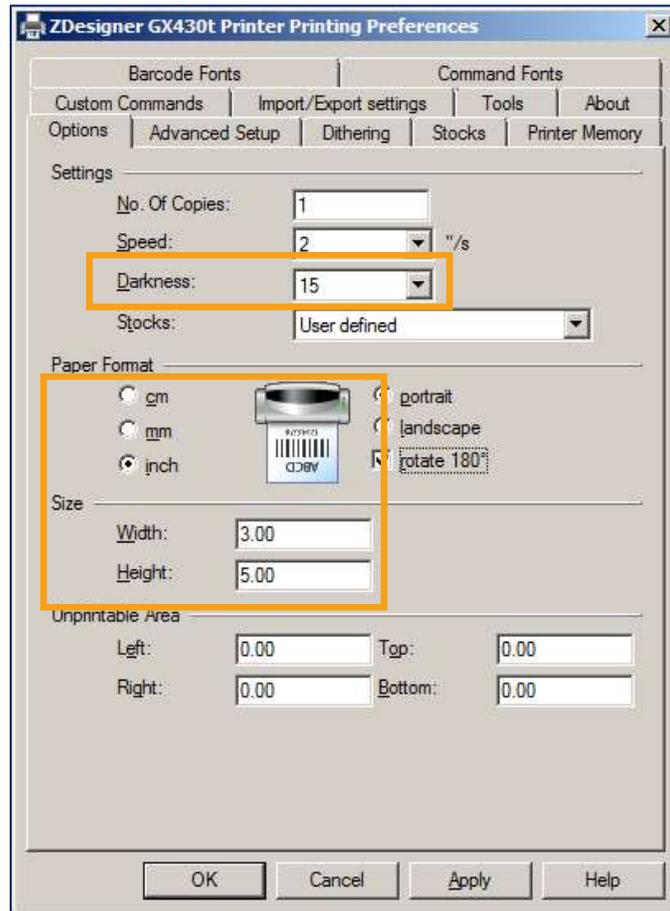

Figure 3.2.2

Step 5: Set up the **Advanced Setup** Tab as follows:

- **Operation Mode:** Tear off
- **Media Type:** Choose "Thermal Direct" or "Thermal Transfer" according to the type of printer stock that will be used
- **Tracking Mode:** Web Sensing

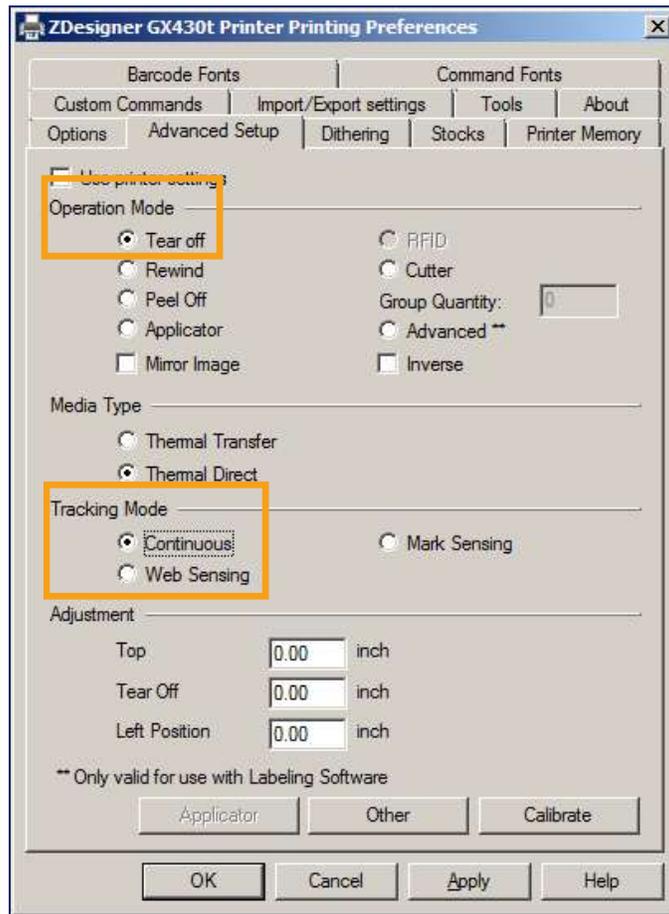

Figure 3.2.3

Step 7: Click **Apply**, then click **OK**.

4 SYMOBL USB SCANNER SETUP

4.1 Zebra USB Scanner Setup – Salamander Software

To configure the device, scan the three barcodes below:

Set All Defaults

IBM Hand-Held USB

Symbol Code ID Character

Figure 4.1.1

4.2 Installing the Drivers for Windows 8 and 10

Windows 7 has the driver for the USB scanner included, but Windows 8 and 10 require a driver install. The Drivers can be downloaded from SalamanderLive or by contacting Technical Support

STEP 1: Download the appropriate driver from.

- **Zebra_CoreScanner_Driver_(32bit)_v3.01.0011.zip** is for 32-bit operating systems.
- **Zebra_CoreScanner_Driver_(64bit)_v3.01.0011.zip** is for 64-bit operating systems.

Step 2: Open the folder and run the program with the same name.

Step 3: The program will extract some files and start the installer, click **Next**.

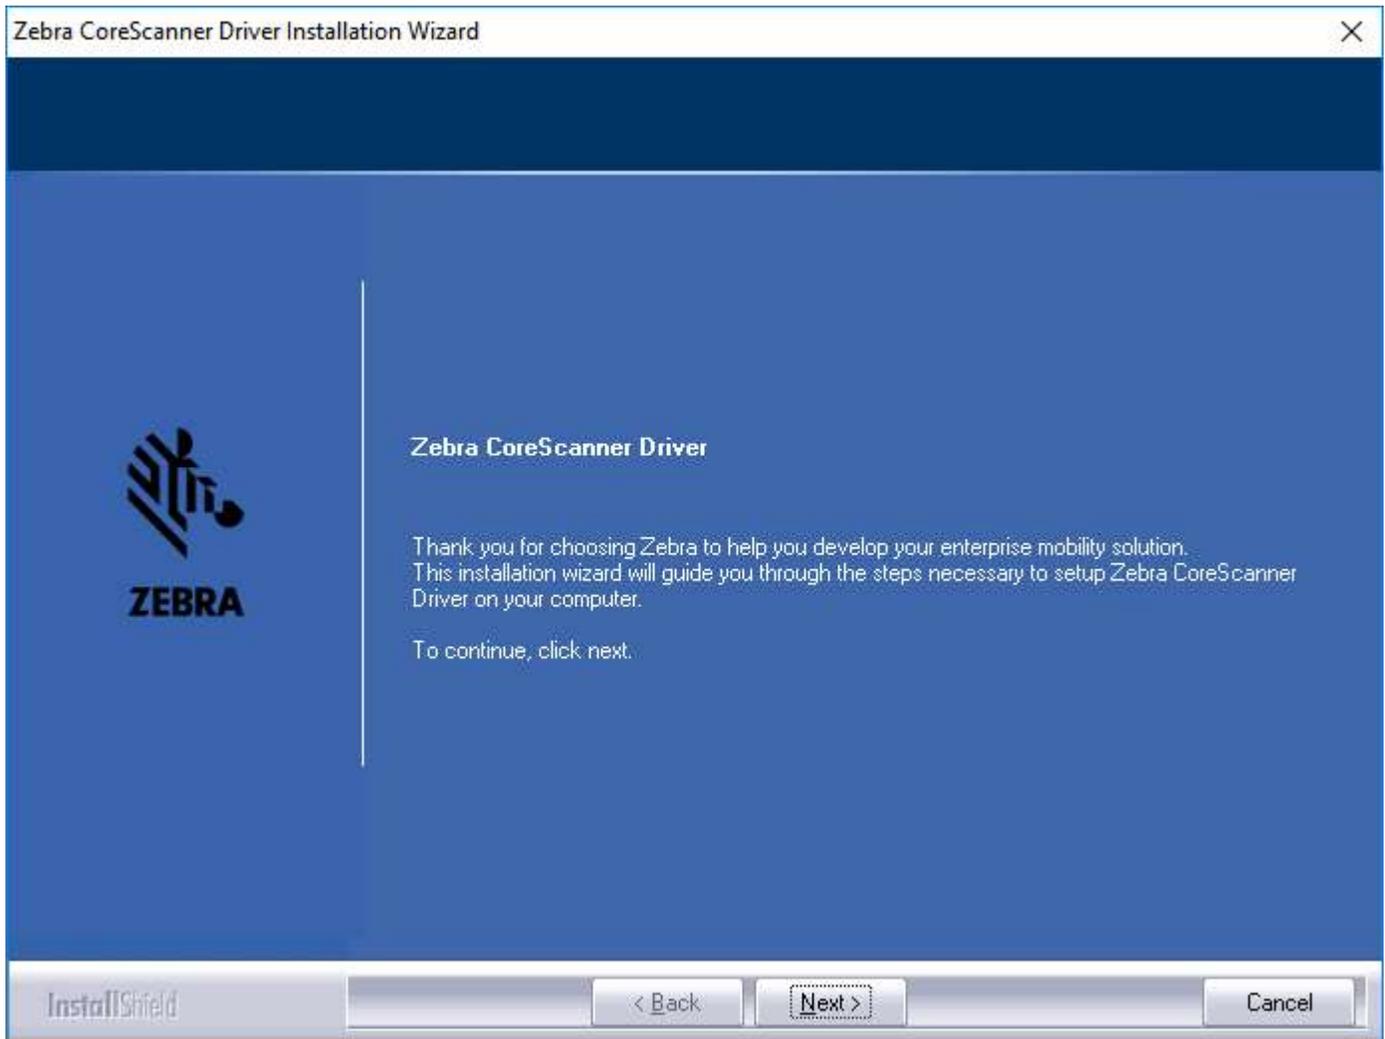

Figure 4.2.1

Step 4: Choose a Complete install and click **Next**. Then click **Install**.
